Sawsay cause puts parents in public eye

By J.K. AMTMANN

Drama instructor Joe Sawsay gestures toward the walls of his cubbyhole office in another corner of the new theater:

"I was going to put in more bookshelves, close off that triangular area there as a closet, maybe shut out some of the hum of the machinery by putting a bulletin board over there. With the way it was even going to paint a scene on one of the walls because I haven't got a window. I had so many plans for it. But you know how summers are, something always intervenes ..."

Another instructor might be referred to as a drama critic, laid back approach to summer-time living, the warm slow days over his two houses, Ben's home occupied by troops of high-time new men, and who put parents Sasway cause?

"I have a very positive feeling about the press," Joe Sawsay says.

"There were times when they were with us in night and day. In the beginning we tried to schedule them apart out of kindness (to them) and the appointment would read 8:30 CBS, 9:30 ABC, but eventually they just came in the morning and stayed all day. Some of them were the Morefield family during the Iran crisis and one was the Morefield family, with Dorothy Morefield, two other women, to help us..."

To those letters Joe Sawsay replies, "Your son is fighting for free speech in this country. If you don't kno..." (Continued on page 8)

Political prosecution at issue in Sawsay case

By WAYNE HOFF

On June 21, Joe Sawsay, a federal grand jury indicted Benjamin H. "Ben" Sawsay, Vista Junior High science and son of MiraCosta theatre arts instructor Joe Sawsay, be..." (Continued on page 8)
By DAVID HENDERSON

"Deep, enduring changes seen under Reagan" was the recent headline in The Urban Institute, a 330-page report compiled by 50 researchers and 27 authors, and at a cost of $7 million—said "The Reagan Administration reflects the most dramatic shift in economic and social policies since the New Deal and will help the high income families at the expense of the working poor."

This three-year study came up with the not surprising conclusion: "Reagan's tax and spending changes will widen economic disparities between the wealthy and less wealthy parts of the economy."

"There are 30 researchers, 27 authors and $7 million dollars?" said one reporter. That out-of-work guy in South Succotash could have told you the same thing in three pungent paragraphs, and if you had given him a tenner, he'd have been most grateful. Of course, his cheetah might have been a lot more earthy, but the conclusions would have been the same.

One would have to be pretty naive to believe the public gets the straight scoop on all that goes on in government, big business, or even politics at the local town level. Few get a peak at the wheeling and dealing that goes on behind closed doors by the movers and shakers. But it isn't too unusual for fabricated scenarios to be more classes cut by the state

Do you see any other state mandated class cuts coming in the near future?

Holt: That's a very good question. That could be one of the ways to deal with the demand, we will have classes being added to community services.

Holt: I think the campus is more dispersed in a sense. We had a much more compact campus, so people were a little more closely knit. Yet, there's a lot of friendliness, you know people are very serious and hard-working. I've really learned to like the people I've met, and I think we have a very good combination of students. I think the atmosphere is a little more orientated to the community. The community environment is somewhat comparable.

Interview with new president of MiraCosta College

Ronnie & Friends

By DAVID HENDERSON

On June 30, Dr. H. Deon Holt took over the MiraCosta College presidency from retiring John MacDonald. Holt, who holds a Ph.D. in community college administration, left the presidency of Brookhaven Community College in Dallas, Texas to come to MiraCosta.

With the recent state-mandated cuts in community college course offerings and questions about the financial stability of our colleges big issues in state legislature. Holt, a former chair of the California Community College presidents during that same period of uncertainty.

Chairman: Ed Gage, talked to Holt about his first few months with MiraCosta and what he sees happening to the college in the future. Here is the text of that interview:

Holt: How do you like the change of pace compared to Brookhaven?

Holt: I'm enjoying it. I'm trying to take advantage of the many reasons we moved here, enjoying the climate, outdoors and scenic beauty.

Chairman: How do you feel about the school atmosphere? What's it like compared to Brookhaven?

Holt: Oh, I think the campus is more dispersed in a sense. We had a much more compact campus, so people were a little more closely knit. Yet, there's a lot of friendliness, you know people are very serious and hard-working. I've really learned to like the people I've met, and I think we have a very good combination of students. That could be one of the ways to do it and leave more of the decisions at the local junior college level.

Chairman: You say physical education is one of the areas being attacked by legislators. Do you see sports being hit? Do you see MiraCosta and Palomar coming out of this recession?

Holt: I don't predict how that will come out. Certain that idea has been mentioned. I think before we can say that's a direction we are going, I think we have to wait and see how many more reductions in the budget are needed. I think there could be some merit in that. I think we may have some sports not offered at both colleges and refer athletes to the other college if one college doesn't have a certain sport.

Chairman: Do you see the state mandating more class fees or tuition?

Holt: I don't think we're going to know that until the new legislature gets in session. See, they're having an election and in March they're going to have a whole bunch of state senators, and representatives and state senators, and representatives re-elected. There is also an ongoing study to consider the possibility of adding tuition or fees. I think that will be a very big issue in the next legislature. That may very well be one way the state legislature increases more education money. They may require the colleges to charge more, and then go back to less money from state sources. It's really a big unknown right now.

Chairman: If they did charge students, how would they come upon a sum? What would they base it on?

Holt: They're talking about many different things that a generalization would be weak. They're talking about a per-class fee. They're talking about a registration fee. They're talking about a tax.

Chairman: What would it be based on?

Holt: They're talking about a lot of different ways that a generalization would be weak. They're talking about a per-class fee. They're talking about a registration fee. They're talking about a tax.

Chairman: What would it be based on?

Holt: They're talking about a lot of different ways that a generalization would be weak. They're talking about a per-class fee. They're talking about a registration fee. They're talking about a tax.

Chairman: What would it be based on?

Holt: They're talking about a lot of different ways that a generalization would be weak. They're talking about a per-class fee. They're talking about a registration fee. They're talking about a tax.

Season tickets: new plan for new theater

By CONNIE HARRIS

Theater tickets for the 1982-83 season will go on sale starting Tuesday, September 21 at the Drama Department's offering of forward seat tickets. "The Taming of the Shrew." by William Shakespeare. Performances will be held Tuesday, October 5 through Saturday, October 9, with matinees on Thursday and Saturday, October 7 and 9. The play is directed by Tony Schaffner, who was named last year's "Outstanding Director" at the National Drama Festival, and actors in the play have all received national recognition in other productions.

The play is a farce of the Elizabethan period in the Italian Renaissance. The story tells of Baptista, the town's double-minded matchmaker, who is trying to get her two daughters married to suit her best interests. The younger daughter, Katharine, is being forced to marry the town's shrew, Petruchio, to the delight of her father and the consternation of the townspeople. Katharine is a woman who is not easily won. She must prove herself to be the best spouse for Petruchio, and the town's opinion changes on her as she proves herself better than anticipated. The play is known for its witty and often outspoken dialogue, and is sure to keep audiences laughing throughout its duration.

For ticket information, call 486-1515.

Sports, IT, T, for Allan McKee

By VERN ALEXANDER

Spartans, 1-1, after

The Spartans next home game is October 13 at 1:30 p.m. at the MiraCosta field.

The Spartan offense has only returned two players from last year's starting eleven - quarterback Bob Luster; Lucentio, Mark McCluskey, 3.5, Carlsbad; Barbara McNally, 3.5, Carlsbad; Erik J. Mikepel, 3.5, Carlsbad; Barbara McNally, 3.5, Carlsbad; Erik J. Mikepel, 3.5, Carlsbad; Barbara McNally, 3.5, Carlsbad; Erik J. Mikepel, 3.5, Carlsbad.

The new directions of the Committee on Athletics have been approved by the administration. The next step is to implement the decisions made by the committee. The Spartan football team will be under new leadership this year, with Coach McKee in charge. The Spartan football team has been successful in the past, and is expected to continue its success in the future. The team will be playing under the new rules and guidelines set by the committee, and will be working hard to achieve success.

The Spartans opened up the game with a very tough game, forcing six turnovers and running up a very strong Knight offense.

Last Saturday the Spartans played their home game at MiraCosta High School in San Diego. The Spartans' home games have been played in San Diego High School or Carlsbad High. Prior to this fall, the team played at Carlsbad High, and bleachlessence stadium has been used for the past few years. The stadium has been used for the past few years, and is expected to continue to be used in the future.

The Spartans opened up the game with a very tough game, forcing six turnovers and running up a very strong Knight offense.

Women’s Opportunity Week offers career update

LINDA PUGLISI

"The time of the Chariot's Women's Opportunity Week is the \"What we're doing is offering women the chance to meet and listen\". It is a time to recognize the contributions made by women to society, and to educate women about their role in society. Women must maintain at least a 2.0 grade point average (GPA) in order to participate. They will meet from 9 a.m. to 1 p.m. and from 5 p.m. to 8 p.m. every day from October 11 to 17, with events on October 12 at the Chariot, 13 at the Senate Center, and 14 at the Senate Center. The events include a candidate forum, which will be held in the Senate Center on October 10, from 11 a.m. to 1 p.m.

Helping organize Women's Opportunity Week is the Women's Opportunity Week team at MiraCosta College, which will be carrying a mini-chariot, from 12 noon to 1 p.m. and from 5 p.m. to 8 p.m. every day. The goal of the campaign is to achieve 100 scholarships, at a banquet fixed at $100.

The San Diego Blood Bank uses every drop of blood from your body. A unit of blood can be life-saving, but need it to live. From your body a unit of blood can stay someone's life.

Blood drive slated Oct. 6

By SARAH ALANDER

The San Diego Blood Bank (SDBB) was very pleased, one day said to me, to tell people about the "Women's Opportunity Week". The aim of the campaign is to achieve 100 scholarships, at a banquet fixed at $100.

The Chariot's Women's Opportunity Week will be held from October 11 to 17, with events on October 12 at the Chariot, 13 at the Senate Center, and 14 at the Senate Center. The events include a candidate forum, which will be held in the Senate Center on October 10, from 11 a.m. to 1 p.m.

Helping organize Women's Opportunity Week is the Women's Opportunity Week team at MiraCosta College, which will be carrying a mini-chariot, from 12 noon to 1 p.m. and from 5 p.m. to 8 p.m. every day. The goal of the campaign is to achieve 100 scholarships, at a banquet fixed at $100.

The San Diego Blood Bank uses every drop of blood from your body. A unit of blood can be life-saving, but need it to live. From your body a unit of blood can stay someone's life.

Blood drive slated Oct. 6

getting nailed in the Bay Area, or in

New York or Washington.

While San Diego isn't New York

or D.C., it's not exactly Bermuda.

Sasway believed San Diego was

chosen so as not to be obvious af­

ter the leak (Times article). Sas­

way explained he did pick a metro­

politan area, but San Diego is probably the most competitive area around. A lot less risk.

June 18, 1982 Judge Thompson

rejected the defense motion for a

reopening of the trial. "The fact of the matter is, Sas­

way just happened to be the first to receive his notice," he said.

Before the trial, Ben Sasway had said many times that he

wouldn't talk about the dominant con­

flict issues were brought out in

Turnage. "But I understand there

is probably the most conservative

reasons.

Of course, I'm not saying the cases

should be quiet and pick the right jur­
disdictions - New York or Chicago, and end up in

March 1."

"Yes . . . I think it's a good

idea to sit down with the A.S. and

try to get them involved in the

administration as the new A.S.

A.S."

Yes. I think it's a good

program. They have it successful­

ly involved here at MiraCosta, and

they even have a student govern­

ment that's run by the students.

Some people question the

rightness of this, but I think it's

right.

The idea passed the House of Rep­

resentatives 303 to 95, and final pas­sage seems most likely.

The government is going all out in this in an attempt to bring in more money because Ronald Reagan had another view a few years back.

"I happen to disagree with the
draft registration. I believe - in

peacetime - in a voluntary mil­i­

The law is the law, right? And there's no draft anyway, right?

"There is thru a significant probability

that the requirements of peace and security will compel

this country to resume the draft,

perhaps in mid-1982." - From

"Toward a Consensus on Military

Service," a report prepared by

The Atlantic Council. UPI 9/28/82.

Finally, the law is this: Men born in 1982 and subsequent years are required to fill out registra­tion forms at post offices within 30 days or before their 18th birthdays. Not to do so is a felony that carries a maximum penalty of five years in prison and a $10,000 fine.

Five years in prison and a

$10,000 fine. That's what Ben Sas­

way is looking at. He will be sen­

tenced on Monday, October 4.

ATTENTION! The new grading policy is still in effect. Students should be especially familiar with the completion of the term to drop classes and transfer credits or expunge them on their transcripts (permanent record). After Oct. 12th, and before Dec. 1st, the student is charged with compliance of the term, a student can drop a class and receive a W - or with­

drawal - on their transcripts. Fail­

ure to withdraw before Dec. 5th, however, results in a letter grade, regardless if you attend class or not. Few too many students tend to wait until warnings last year, and the re­

sults were 1535 F's for the fall semester compared to the previous year's 146 F's. So if you're con­

cerned about your grade point average and are considering drop­

ping your classes, you'd be wise to jot a few that have done it sooner than their classmates and prosecute

them.

By TOM GONZO DUKE

There was an ill wind blowing over the courtroom yesterday, car-
ryng the message: “Massive cut-
backs in financial assistance to students this coming fall.” Well, the
storm has blown over, and students
have indeed been cutback 10 percent. But despite the dis-
couraging reports last spring, the
reduction is less than expected.

“It is not a substantial cutback,”
said Pro. Zurek, Miracosta’s Financial Aid Director. “It’s much less than we feared. Our ma-

The (PELL) grant, formerly (BEQ), is still MiraCosta’s basic
grant resource designed to pro-
vid financial assistance to undergraduates students. The maximum award for California residents during the 1983-84 school year was $250, a little higher than
last year’s, although award amounts may be less depending on a student’s need.

The Pell grant budget is not
managed or controlled by the MiraCosta financial aid office. It is a subsidy regulated entirely by the government and is classified as an open-end (entitlement) pro-
gram, i.e., if you are eligible you re-
ceive it.

The Guaranteed Student Loan
(GSL) also fall under “entitle-
ment” programs. There are similar restrictions, but those do not re-
lief the COE, figure out why no
son was picked first. I think they
figured they’d take this kid, that
real hard sentence on him so that
they could show some sense of hu-
manity and justice and compas-
ston. I can’t understand how they
could look at a young man like Ben and equate him with some bad mother and home environment. Joe Sasway, his voice choking
off as he began to weep.

In the meantime, Ben Sasway is in the Metropolitan Correctional Center in San Diego awaiting sen-
tencing, scheduled for October 4. Joe Sasway says that the court ex-
pected the guilty verdict, but that the “no bail” came as a blow. “Of
course, I didn’t expect bail on this sentencing. At the very least I
expected him to be out for one
night and no one was around, I did
not think because of the nature of
what a phone does when it has
been cut. I was thinking that it
will go dead in the middle of a commo-
tion on the catwalk and try to get my job.

Unfortunately, due to cuts im-
pact, our financial aid office will no
longer be able to give out complimentary tix
